OBJECTIVE

Full-Stack Developer with expertise in the MERN stack and hands-on experience in building responsive, pixel-perfect, and user-focused web applications. Seeking an opportunity to apply my skills in front-end optimization, API integration, and database management to deliver scalable solutions.

SKILLS

Languages	HTML | CSS | Javascript | Typescript | Python
Frameworks, Libraries & Tools	ReactJS | NextJS | NodeJS | Express | Tailwind CSS | SCSS | Redux | Material UI | Firebase | Supabase | Prisma ORM | Figma
Databases	MongoDB | PostgreSQL
Soft Skills	Team work | Problem solving | Quick learning

EXPERIENCE

DermaQ — Full-Stack Developer Intern (Remote)   Mar 2024 - Apr 2024

- Redesigned a responsive dashboard, improving user experience, enhancing statistics, notifications and chat UI.
- Managed API integrations for user profiles and dashboard functionalities, ensuring smooth data flow.
- Developed key website components, contributing to a polished and user-friendly interface.

Morfeed — Web Developer (Remote)   Feb 2023 - Apr 2023

- Created responsive frontend components, optimizing website performance across devices.
- Integrated Firebase for authentication, database, and storage, ensuring robust and secure data transactions.
- Collaborated on user flow and design, enhancing user experience and project structure.

PROJECTS

ProJet: Created a platform using the MERN stack, Material UI, and Tailwind CSS for students to showcase and explore projects. Enabled secure authentication and project management. Promotes collaboration and knowledge sharing among students. (Try it here)

FileGlide: Built a user-friendly web platform for quick and secure file sharing. It streamlines the process without requiring login or sign up, allowing instant sharing across public and private devices by entering a shared random bucket code. Widely used by many of my college students. (Try it here)

EDUCATION

Bachelor of Computer Science   Expected 2025
Maharashtra Institute of Technology, Aurangabad

COURSES

Advanced React - Meta Front-End Developer Professional Certificate   Completed on Coursera
Verification: 3LG4JU8V3H4K

ACTIVITIES

- Web Dev team member for Google Developer Student Club - MITA. Developed several websites for the club. Organized and hosted various technical events, promoting learning and innovation within the student community.
